## How It Works:

1. Call the store location of your choice (the phone numbers are listed above).
2. A Rogers' employee will take your order over the phone and will advise if any of the items in your order are out of stock.
3. Pay for your order by providing your Credit Card information over the phone.
4. Once payment has been processed, the sale will be final. There may be no additions or substitutions made to the order.
5. When arriving at the store location the next day, call the store upon arrival, provide your name, and a Rogers' employee will meet you at the entrance with your order. For orders over \$100, photo ID must be presented.
6. You leave our store knowing that your day just got a little bit sweeter!
